In re: John David Enloe, III, Concussion Injury Litigation

Dear Coach Fore:

As you know, the *Enloe* case recently resolved. All matters have been concluded and the case has been cleared from the Court's docket. Before I turn my attention to other pressing matters, I wanted to take a moment to write and thank you for the exceptional work you provided as our coaching standards of care expert. The result we obtained could not have been achieved without the knowledge, guidance, preparation and expert witness testimony you provided. Your work was exceptional.

It is not always the case that an expert witness we retain is fully engaged and prepared to provide assistance and testimony when called upon. The fact that you made yourself available at every turn, were always so prepared and familiar with the case materials, and were so willing to research and review the relevant standards that applied, was not only appreciated but evident in your ultimate ability to so artfully articulate your opinions at deposition. I can't thank you enough.

Once again, I appreciate your assistance with matter. If you ever need a reference as an expert witness, please do not hesitate to use my name; I would endorse you without reservation. And do know that I myself look forward to the opportunity to again work with you in the future.

Sincerely,

BERMAN & RIEDEL, LLP
